CONTACT & NEXT STEPS

Consultation & Preferences

Investors engage with Sewia Mining Ltd to explore gold sourcing opportunities, discussing market trends, pricing, and regulatory requirements. They specify their desired gold quantity, purity level (22K or 24K), and delivery location, while Sewia verifies availability through its trusted network of licensed miners.

Agreement & Initiation

A formal contract is drafted, outlining pricing, payment terms, and delivery schedules, ensuring compliance with Ghana's export laws. Sewia facilitates gold assay certification through PMMC, and upon approval, investors proceed with payment or escrow deposit to initiate the transaction.

Export & Delivery

Sewia completes all export documentation, customs clearance, and regulatory approvals for international shipment. The gold is securely transported through trusted logistics providers, with real-time tracking and full insurance coverage until delivery to the investor.
